

# NETASQ MFILTRO THE SPAM PREDATOR

**Time wasted and lost messages have become a norm for companies. In fact, spam and viruses can wipe out productivity.**

**How much time do you waste everyday deleting spam from your inbox? Too much! Yet there is a solution.**

## THE BEST SPAM DETECTION RATE

MFILTRO has the best spam detection rate. The winning technologies embedded in the appliances make the MFILTRO range the most effective spam predator on the market.

**99,7%**  
OF SPAMS ARE  
**BLOCKED**

## PLUG AND PROTECT

Thanks to a step by step configuration, you will enjoy effective protection on your mail infrastructure.

## OPT FOR SIMPLICITY AND SECURITY

With the help of a simple and intuitive interface, your users will be able to easily create their own white lists of authorized senders.

Because every e-mail matters, MFILTRO allows every user to access and monitor his message quarantine. Your users will receive the daily report on spams detected by MFILTRO.

## GAIN PRODUCTIVITY NOW

MFILTRO improves security for your employees and restores their productivity by protecting your mail server. 80% of emails are spam (2008 figure)
